

~~CONFIDENTIAL~~

9 August 1956

MEMORANDUM FOR: Chief, Plans Staff

SUBJECT: [REDACTED], Career Planning for Individuals

1. Attached is the final copy of the Regulation, "Career Planning for Individuals," which is now ready for processing and publication. The Regulation has been approved by the CIA Career Council in detail and, therefore, it is believed that only limited coordination is necessary. Should there be any significant departures from the text during the course of processing, the Regulation will have to go back to the Career Council for review together with justification for proposed changes.

2. You will note that the Career Preference Outline is attached to the Regulation. The Outline also has been approved in minute detail by the Career Council and is, therefore, being published independently as a form. It will be highly desirable that the Regulation be "on the street" at the same time that the form is available in Agency supply rooms.

3. Should there be any questions on the Regulation, contact should be made with the Chief, Development Staff.

[REDACTED]
Deputy Director of Personnel
for Planning and Development
